DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-13, 20, 21 and 23-30, drawn to a method for surface processing by plasma polymerization by using a DC discharge plasma.

Group II, claim(s) 14-19, 22, 31 and 32, drawn to another method for surface processing by plasma polymerization by using a RF discharge plasma.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the

same or corresponding special technical features for the following reasons: All the groups are directed to method useful in the field of plasma polymerization, but each group has different special technical features. Group I has a special technical feature directed to a plasma polymerization by using a DC discharge plasma not required for Group II. Group II has a special technical feature directed to a plasma polymerization by using a RF discharge plasma not required for Group I.

3. A telephone call was made to Attorney M. Moskowitz on 04/25/01 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one

or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
